Attn: C. M. Rieder
Engineer

Dear Mr. Rieder:

We have been advised by the R. A. Thomas Drilling Company that all work has been completed on the Geror-White State Well No. 1, NE 1/4 SE 1/4, Section 32, Township 13 South, Range 31 East, Chaves County, New Mexico, in accordance with Form C-102, said form having been previously filed.

We are also advised by our representative that the permanent marker has been inscribed by means of an electric arc giving it a permanent location description.

The R. A. Thomas Drilling Company also advises us that the location has been cleared of all debris and the pits have been filled and leveled. This has also been verified by our representative. We are advised, however, that the rig used in pulling the casing is parked on the location adjacent to the drilling site.

We believe that all work has now been completed with complete accordance with the Commission requirements.

Yours very truly,

GEROR-WHITE PRODUCING CORP.

R. E. Geror
President
