SUNDRY NOTICES AND REPORTS ON WELLS

NOTICE OF INTENTION TO DRILL.....	SUBSEQUENT REPORT OF WATER SHUT-OFF.....	<input checked="" type="checkbox"/>
NOTICE OF INTENTION TO CHANGE PLANS.....	SUBSEQUENT REPORT OF SHOOTING OR ACIDIZING.....	
NOTICE OF INTENTION TO TEST WATER SHUT-OFF.....	SUBSEQUENT REPORT OF ALTERING CASING.....	
NOTICE OF INTENTION TO RE-DRILL OR REPAIR WELL.....	SUBSEQUENT REPORT OF RE-DRILLING OR REPAIR.....	
NOTICE OF INTENTION TO SHOOT OR ACIDIZE.....	SUBSEQUENT REPORT OF ABANDONMENT.....	
NOTICE OF INTENTION TO PULL OR ALTER CASING.....	SUPPLEMENTARY WELL HISTORY.....	
NOTICE OF INTENTION TO ABANDON WELL.....		

(INDICATE ABOVE BY CHECK MARK NATURE OF REPORT, NOTICE, OR OTHER DATA)

August 11, 1954

Well No. 8 is located 660 ft. from N line and 1900 ft. from E line of sec. 3
SW 33 3 14S 31E NMPS
(1/4 Sec. and Sec. No.) (Twp.) (Range) (Meridian)
Priddy-Dean (Ext.) Chaves New Mexico
(Field) (County or Subdivision) (State or Territory)

The elevation of the derrick floor above sea level is 4423 ft. GS.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

Total Depth 3035' anhydrite. ran 77.1 joints (3021.08') of 5 1/2" ID 14.5 lb. 5-40 and J-15 casing set at 3028.08' and cemented with 300 sacks of neat cement. Plug was down at 6:30 A.M., August 5, 1954. Top of cement was at 2070' by temperature survey. Rotary rig was moved off and drilling-in unit was moved in during which time cement was allowed to set. The casing was washed down and bailed August 10, 1954 to test casing shut-off. Test was satisfactory. Drilling resumed.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Title Asst. Division Supt.

1. The first part of the text discusses the importance of maintaining accurate records of all transactions and activities. This is crucial for ensuring transparency and accountability in any organization or project.

2. It then moves on to describe the various methods and tools used to collect and analyze data. This includes both traditional manual methods and modern digital technologies.

3. The text also touches upon the challenges associated with data collection and analysis, such as ensuring data quality and privacy.

4. In addition, it highlights the role of data in decision-making and strategic planning. By providing a clear picture of the current state of affairs, data enables leaders to make informed choices and anticipate future trends.

5. The final part of the text concludes with a call to action, emphasizing the need for continuous improvement and innovation in data management practices.

6. The text also includes a section on the importance of data security and protection. As the volume of data grows, the risk of breaches and misuse increases, making robust security measures essential.

7. Furthermore, it discusses the ethical implications of data collection and analysis, particularly regarding individual privacy and consent.

8. The text concludes by noting that while data is a powerful tool, it must be used responsibly and ethically to truly benefit society and organizations.

9. The text also includes a section on the importance of data literacy for all employees. In a data-driven world, the ability to understand and use data effectively is a key skill for success.

10. Finally, the text emphasizes the need for ongoing education and training in data management and analysis techniques to stay ahead in a rapidly changing landscape.

11. The text concludes with a summary of the key points discussed and a final thought on the future of data and its potential to transform industries and improve lives.
