INSTRUCTIONS

This form shall be executed and filed in QUADRUP. (Co.1), with the chance Office of the Oil Conservation Commission, covering each unit from which oil or gas is produced. A separate certificate shall be filed for each transporter authorized to transport oil or gas from a unit. After said certificate has been approved by the Oil Conservation Commission, one copy shall be forwarded to the transporter, one copy returned to the produces, and two copies retained by the Oil Conservation Commission.

A new certificate shall be aled to cover each change in operating owners a rand each change in the transporter except that in the case of a temporary chance in the transporter involving less than the allowable production for one proration period the operator shall in her of filing a new certificate notify the Oil Conservation, to emmission District Office, and the transporter authorized by certificate on alleast the Commission, by letter of the estimated amount of oil or gas to be moved by the transporter temporarily moving oil or gas from the unit and the name of such temporary transporter and a copy of such notice shall also be furnished such temporary transporter. Such temporary transporter shall not move any more oil or gas than the estimated amount shown in said notice.

This certicate when properly executed and approved by the Oil Conservation Commission shall constitute a permit for pipe line connection and authorization to transport oil and gas from the property named therein and shall remain in full force and effect until

- a. Operating ownership changes
- (a) The transporter is changed or
- c) The permit is cancelled by the Commission.

If any of the rules and regulations of the Oil Conservation Commission have not been complied with at the same time this report is filed, explain fully under the heading "REMARKS."

In all cases where this certificate is filed to cover a change in operating of actability of the change in the transporter designated to move oil or gas, show under "REMARKS" the previous owner or operator and the transporter previously authorized to transport oil or gas.

A separate report shall be filed to cover each producing unit as designated by the Oil Conservation Commission.
