17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

This notice is subsequent to conversation with Mr. Shoger on January 11, 1965 pertaining to plugging this well.

After reaching TD of 2,000 feet on January 11, 1965, we proposed to run a gamma ray-neutron log and set cement plugs as follows:

- 65 sacks from 1950 - 1770 feet
- 50 sacks from 225 - 175 feet
- 15 sacks from 40 - Surface

The required marker will be installed and location cleaned up. 10.5# mud will be put above and below all plugs.

18. I hereby certify that the foregoing is true and correct

SIGNED *David Albritton*
