17 Describe Proposed of Completed Operations (Classic and a state of a state	OTHER		
	17 Describe Describe described		

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well was drilled to a T.D. of 4100' in the San Andres. Drill stem tests and electric logs indicated no commercial hydrocarbons. We propose to plug & abandon by setting the following Incor cement plugs. 10.6#/gal SGOE mud will be used to spot these plugs.

25 sx from 3780-3880' 25 sx from 1900-2000' 25 sx from 1500-1600' 25 sx from 550-6505 25 sx from 325-425

10 sx will be put in top of well. 8-5/8" csg set @ 373.97' will remain intact. A dry hole marker will be installed and location cleared and levelled.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief. Original S.
