This form is to be filed with the appropriate District Office. The Commission not later than 30 days after the completion of any newly-dredged or deepened well. It shall be accompanied by one copy of all official and radio-cassette logs run on the well and a summary of all reported, tests conducted, including drill stem logs. All depths reported shall be measured depths. In the case of abnormally diluted water, the vertical depths shall also be reported. For multiple completions, Items 30 through 34 shall be reported for each zone. The form is to be filed in duplicate with the State Land, where six copies are required. See Rule 110B.
