Shell Oil Company  
Post Office Box 1810  
Midland, Texas 79701

Gentlemen:

Your application to re-enter, complete, and operate as a water disposal well the No. 1 Shell Federal on oil and gas lease New Mexico 0442628-A, located 330/N and 990/E sec. 35, T. 8 S., R. 30 E., N.M.P.M., Chaves County, New Mexico, by injecting waste waters into the San Andres formation through casing perforations at 3606-3680 feet, is hereby approved subject to the following:

1. This lease is non-producing and in as much as off-lease waters are to be disposed of in this facility, a Special Land Use Permit to operate this well as such must be secured from the Bureau of Land Management prior to disposing of any such waters. A Special Land Use Permit will authorize operation of this disposal facility regardless of the status of the oil and gas lease which will expire on September 30, 1973.
2. Where applicable and required, right-of-way permits for pipe lines from other leases must be secured from the Bureau of Land Management prior to laying of any such gathering lines.
3. The usual Sundry Notice and Report (form 9-331 in quintuplicate) must be filed with this office prior to commencing any further workover treatment, suspension of operation, or change of status of this well. Submit a Subsequent Report of Re-entry for the work approved herein.
4. A monthly injection report (N.M.O.C.C. form C-120-A acceptable) must be submitted to this office in duplicate.

It is noted that this disposal well was approved by New Mexico Office of Conservation Commission order No. K-3999 on July 20, 1970.

Sincerely yours,

(Orig. Sgd.) JAMES A. KNAUF
