Mr. R. L. Stamets, Technical Support Chief New Mexico Oil Conservation Commission L. O. Box 2088 Santa Fe, New Mexico 87501

> Re: Glenn Petroleum Corporation Sanders Well No. 1 Unit N Section 25, T-7-S, R-30-E Chaves County, New Mexico

Dear Mr. Stamets:

The above-referenced well was ordered plugged by the Commission as per Order No. R-4571. The well has been plugged and abandoned, and the location cleared and leveled to our satisfaction. However, we have had considerable correspondence with Glenn Petroleum requesting that they submit a final Form C-103 covering the Plugging and abandoning without receiving same.

I would suggest that this letter be placed in your well file and that the well be classified as plugged and abandoned.

Yours very truly,

of L CONSERVATION COMMISSION
