estimated date of starting any proposed work. If well is directionally drilled give sub-  
surface locations and measured and true vertical depths for all markers and zones  
pertinent to this work)\*

Due to poor economic conditions, and marginal producing rates,  
we are filing for a suspension of production until the economic  
environment improves to the point that the subject well can be  
returned to production and operated at a profit. If not approved,  
subject well will have to be P & A due to low product prices.

I hereby certify that the foregoing is true and correct
