

BRITTON MANAGEMENT CORPORATION

BRITTON OIL BUILDING
312 NORTH BIG SPRING STREET
MIDLAND, TEXAS 79701

December 2, 1976

New Mexico Oil Conservation Commission
P. O. Box 2088
Santa Fe, New Mexico 87501

Attention: Mr. Jim Kapteina

Dear Mr. Kapteina;

Re: Request for designation as
Non Standard location

On July 14, 1976 Britton Management Corporation drilled the Hannifin #2 well to the Morrow formation at 9294'. On November 5, 1976 the Hannifin #2 was plugged back to 7210' and was completed in the Abo formation, an extension of the Many Yates Abo Pool.

For the above reason this application for designation as a non standard location is herewith submitted.

Offset operators have been notified by copy of this letter.

Thank you for your help in this matter.

Sincerely yours,

Britton Management Corporation

Ronald A. Britton
