CONDITIONS OF APPROVAL, IF ANY:

General: This form is designed for submitting proposals to perform certain civil operations and operations when a project is to be carried out by the Federal, State, local, area, or regional authorities. The project must be approved by the State law and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to the local, area, or regional procedures and practices, either shown below or will be issued by, or may be obtained from, the local, Federal and or State office.

Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult with State or Federal office for specific instructions.

Item 17: Proposals to abandon a well and subsequent reports of abandonment should include such special information as is required by local, Federal and/or State officials. In addition, such proposals and reports should include reasons for the abandonment; data on any former or present productive zones, or other zones with present significant fluid contents not sealed off by cement or otherwise; depths (top and bottom) and method of placement of cement plugs; mud or other material placed below and above plugs; amount, size, method of parting of any casing, liner or tubing pulled and the depth to top of any casing, method of closing top of well; and any other data conditioned for final inspection looking to approval of the abandonment.
