Application to Drill

9-11-79 On February 21, 1978, we mailed an application to drill on the referenced location. Approval by the U.S.G.S. is dated March 14, 1978. Our plans changed and we did not move on this site within the allotted time. On December 16, 1978 we received notice from the U.S.G.S. that approval was automatically terminated three months from the approval date.

We would now like to re-instate this application to drill. Our plans are to spud this well about September 28, 1979.
