17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

This location was permitted on January 19, 1979 but as of this date the well has not been drilled. However, the location and access road have been constructed. It is Flag-Redfern Oil Company's request that this permit to drill be extended for 3 months or until August 1, 1979. This extension is requested to allow time to properly evaluate offsetting wells for a more productive completion in this Amoco-Federal Well #5.
