Re: R-7044-A El Ran Chaveroo Pressure Maintainance Project

Dear Mr. Ranck:

In reviewing the restrictions on injection in Division Order R-7044-A, the following wells are authorized for injection until such time as the injection pressure exceeds 600 psi:

Byron	#3-J	34-7-32
Byron	#1Y-P	34-7-32
Yeager	#4-L	35-7-32
Roberts	#1-B	3-8-32
✓ Roberts	#3-H	3-8-32

Should the injection pressure reach or exceed 600 psi on any of the above wells, I will re-evaluate the necessity of the re-plugging of Byron #1-P, Section 34, Township 7 South, Range 32 East.

Very truly yours

OIL CONSERVATION DIVISION
