Surface Use and Operation Plan

Flag-Redfern Oil Company  
Amoco-Federal No. 6  
Section 26, T-7-S, R-31-E  
Chaves County, New Mexico

1. Existing Roads

- A. Attached is a portion of a U.S.G.S. Topographic map showing existing roads in the vicinity of the proposed location.
- B. Attached is a plat showing existing roads in the area of the proposed location.
- C. There are no plans for improving the existing roads.

2. Access Roads

- A. Planned access roads are shown on the attached plat.
- B. The road will be constructed of caliche and will be 12' wide.

3. Location of Existing Wells

- A. Existing wells are shown on the attached plat.

4. Location of Tank Batteries, etc.

- A. A tank battery and production facility consisting of two 210 bbl. stock tanks and a heater treater is located on this same lease directly west of Well No. 5.
- B. In the event the proposed well is productive, a 2" flowline will be laid, alongside the access road, to the above mentioned production facility.
- C. The reserve pits will be back filled and leveled and the surface returned to its original contours.

5. Location and Type of Water Supply

- A. There is no known surface water in the area.
- B. A windmill is located approximately 3000' north of the proposed location.
- C. All water used in drilling operations will be trucked to the drillsite from commercial sources.
