Re: El Ran, Inc. Lease
NM 13999
Dachner Federal

Gentlemen:

El Ran, Inc. request approval for off-lease measurement facilities on the above referenced lease. This request is being made because Cities Service Company would not lay lines to the lease involved and we had to lay it to NW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Sec 3 8S R32E.

The Dachner lease average monthly production is approximately 600 MCF.

El Ran, Inc., therefore, has laid surface lines to Cities Service Gathering system located on the Roberts lease as noted on the enclosed plat.

*Dachner lease has separate meter
P.W.C.*
