17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

On our Application for Permit to Drill which was filed on May 17, 1980, we indicated that we proposed to drill an 11" hole to 370' and run 8 5/8", 20# casing which was to be cemented with 150 sx. of Class "C" - circulated.

By this notice we propose to change plans and drill a 12 1/4" hole to 370' and run 8 5/8", 20# casing to 370' and cement with 230 sx. Class "C" or an amount sufficient to circulate to the surface.
