

INSTRUCTIONS

This form is to be filed with the appropriate District Office of the Division and is to be completed after the completion of any newly drilled or reopened well. It shall be completed by one person at the time of completion of the well and a summary of all reported tests conducted, including drill stem tests. All of the reports filed by the person completing the well shall be filed with the well file. The well file shall also be reported. For multiple casing bottoms, there shall be a separate report for each casing bottom. The well file shall also be reported on rate loss, where applicable, and reported, see Rule 110.5.
