Drilling Secretary

DATE

2-4-82

This form is to be filed with the appropriate District Office of the Division not later than 20 days after the completion of any newly-drilled or deepened well. It shall be accompanied by one copy of all electrical and radio-activity logs run on the well and a summary of all special tests conducted, including drill stem tests. All depths reported shall be measured depths. In the case of directionally drilled wells, true vertical depths shall also be reported. For multiple completions, Items 30 through 34 shall be reported for each zone. The form is to be filed in quintuplicate except on state land, where six copies are required. See Rule 1105.

On the other hand, the *in vitro* results of the present study are in line with the *in vivo* results of the study by Kozak et al. (2000), who found that the addition of 100 mg/kg of vitamin E to the diet of growing pigs did not affect the growth rate or carcass characteristics of the animals.
