## **OIL CONSERVATION COMMISSION**

HOBBS, July W8, M1986C0 88240

McClellan Oil Corporation P. O. Drawer 730 Roswell, New Mexico 88201

Gentlemen:

Since your Vest Federal Well No. 1 located in Section 4, T-14-S, R-30-E, has been completed as a gas well in the Southeast Chaves Queen Gas Area Associated Pool, it will be necessary for you to either dedicate 320 acres or obtain a non-standard proration unit order for the 40 acre unit shown on the original Form C-102.

If you do plan to dedicate 320 acres, please submit a revised Form C-102 outlining the acreage to be dedicated. We might also point out that the well is at a standard location for the south half of the section, only.

Yours very truly,

OIL CONSERVATION DIVSSION
