We would like to amend the name of this well to be shown as a " Farm or Lease Name" and also amend the type of well to be shown as an "Oil" well for the following reason:

As stated on our previous C-103 report dated September 16, 1982, we are completing operations up hole; we have plugged back above the base of the San Andres (top of Glorietta) to 4440'. Also above the unitized lower hole.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
