CHANGE ZONES    

ABANDON\*    

(other) Request additional 30 day lease extension

(NOTE: Report results of multiple completion or zone change on Form 9-330.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

40' of 20" conductor casing was set and cemented to surface on this well February 28, 1982.

As per my phone conversation with Roger Chapman, we are requesting an additional 30 day extension on this lease. We have diligently contacted a number of oil companies in an attempt to help get this lease evaluated and now have several who have expressed considerable interest. It is my belief that if I have an additional 30 days time, we will be able to drill this well to the objective depth to adequately test the San Andres.
