Meredith Smith State No. 1
Section 16, T15S, R31E
Chaves County, New Mexico

Dear Mr Sexton:

This letter is in reference to the cement job performed on the 5 ½" production casing at the captioned well. The matter was discussed with you on July 22, 1982, by Mr. M. Y. Merchant of Unique Engineering. The captioned well is presently shut-in waiting on completion. If the well is completed as a commercial producer we will perforate and bring the cement behind the 5 ½" casing as requested by the Oil Conservation Commission. In the case of a dry hole, we will recover salvable 5 ½" casing and plug the well as a prudent operator.

Thank you for your cooperation.

Yours truly,

Meredith Smith
