Re: Dave Federal #1 & #2  
Section 34-12S-31E  
Chaves County, New Mexico  
NM-26683

Gentlemen:

In accordance with NTL-2B, Yates Drilling Company hereby requests approval of an unlined disposal pit.

The captioned wells produce from the Queen formation approximately 1 barrel of water per day. The produced water is stored in a pit which is 36' X 15' X 3'.

The region is semi-arid and the soil is sandy. The Chinlee water aquifer is located at approximately 300'.

Enclosed you will find a copy of the water analysis on the produced water.

If you need anything further, please advise.

Sincerely,

APPROVED  
PETER W. CHESTER
