Gentlemen:

We have this date approved Form C-104 for your TAO Federal Well No. 2 located in Unit A of Section 3, T-13-S, R-31-E, and have assigned an allowable in the Caprock Queen Pool.

In order to be consistent, we are placing Well No. 1 located in Unit B of Section 3 in the Caprock Queen Pool also, rather than the Southeast Chaves Queen Gas Area as originally indicated.

If you have any objection to this, please contact this office.

Yours very truly,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District 1
