Gentlemen:

**SEE ATTACHED FOR
CONDITIONS OF APPROVAL**

Application is made to the United States Dept of the Interior Bureau of Land Management for off lease sales point for the subject well.

---The location of the sales point is Sec. 29, 15S, 30E Chavez County New Mexico

--The number of the measurement station is GPM's meter number 711308

--Sales can not be made on the lease because the well is at point where it needs to be selling into a low pressure line. The closest line is GPM's system in section 29. The Conoco sales point on the lease is not an option because the system pressure is too high.

--Attached is a map showing the pipeline route

If you have any questions, you may contact me at the letterhead address.

Very truly yours,

Leo Gallegos
Area Engineer
