15. ELEVATIONS (SHOW OF, KD3, AND WD)

(NOTE: Report results of multiple completion or zone change on Form 9-330.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Petroleum Exploration Company requests permission to temporarily abandon the newly completed Siete Federal #6 for the maximum period of time allowed. This well is a very marginal producer and under current economic conditions along with the low price of oil does not justify continued operation at this time. This well is one of seven wells we currently operate in the Siete San Andres field and with our future development plans might be needed as a water disposal well.

Subsurface Safety Valve: Make and Type _____ Set @ _____ Ft.
