March 4, 1986  
Page 2

will be in an area that has already been disturbed by an existing water line and a gas line. The surface is privately owned by T.E., P.T. and H.H. Davis, and the mineral owner is the U.S. Government. Ultramar's application for permit to drill the subject well and the surface use plan were approved by the BLM on August 26, 1985.

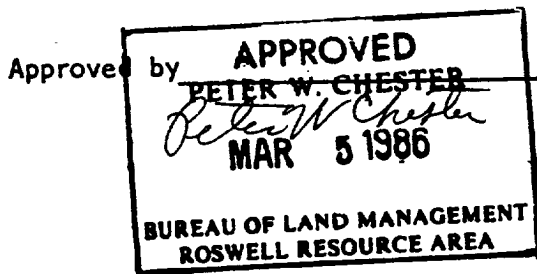

Please advise if something further is required. The original of this letter plus four copies are being sent with space provided for BLM approval.

Yours very truly,

*Garry Hall*
