Mr. R. R. Spurrier, Director
Oil Conservation Commission
Box 871
Santa Fe, New Mexico

Dear Dick:

We have today received carbon copy of letter to the Great Western Producers, Inc., regarding the Form C-101 on their State "R" #2 Well, Sec. 5, T. 13S, R. 32E.

On September 7, 1948, I wrote Mr. James D. Hampton, Geologist, with the Great Western Producers, Inc., and mailed a copy of my letter to your office. I am enclosing a copy of that letter and also a copy of Mr. Hampton's reply.

I am sorry if this copy did not reach you. I always try to send you copies of my letters as I am sure these things prove rather embarrassing since they have already cleared this mistake with this office.

As for the casing note on one form and not on the other, Mr. Yarbrough made no comment. You might take this up with him the next time he is in Santa Fe. I, of course, know nothing about it.

Sincerely,

Mr. J. A. Spurr, Jr.

Dear Sir:
I am enclosing a copy of your letter and also a copy of Mr. Hapton's reply.

On September 7, 1918, I wrote Mr. James H. Hapton, Secretary, the Great Western Producers, Inc., and advised him of my letter to your office. I am enclosing a copy of that letter and also a copy of Mr. Hapton's reply.

I am sorry if this copy did not reach you. I always try to send you copies of my letters as I am sure these will be of some assistance since they have already cleared this matter up in the office.

As for the zoning note on one form and not on the other, I am sure you will find it interesting. You might take up with the zoning board in this regard. I, of course, know nothing about it.

Sincerely,
