To: Great Western Producers, Inc.

March 15, 1948

The Oil Commission requests that in the future you kindly locate your wells in relation to the section rather than a lease. This office has no way of checking lease descriptions except through the Land Office. In this particular cas you show your well 660' west of the east line, but if the well is actually where you locate it on the plat it would be 1980' from the north line. Therefore we are making this correction before approvings

W MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

NOTICE OF INTENTION TO DRILL

Notice must be given to the Oil Conservation Commission or its proper agent and approval obtained before drilling begins. If changes in the proposed plan are considered advisable, a copy of this notice showing such changes will be returned to the sender. Submit this notice in triplicate. One copy will be returned following approval. See additional instructions in Rules and Regulations of the Commission.
