

## OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

## MISCELLANEOUS REPORTS ON WELLS

MAR 12 1948

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON REPAIRING WELL	
REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL		REPORT ON PULLING OR OTHERWISE ALTERING CASING

Title

The first part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present. The author then goes on to discuss the various factors that have shaped the development of the United States, including the role of the government, the influence of the economy, and the impact of the culture. The author concludes by stating that the study of the history of the United States is a task of great importance, and that it is one that should be undertaken by all who are interested in the future of the country.

The second part of the paper discusses the role of the government in the development of the United States. It is argued that the government has played a central role in the shaping of the country, and that its actions have had a profound impact on the lives of the people. The author then goes on to discuss the various ways in which the government has influenced the development of the country, including through its control of the economy, its regulation of the industry, and its provision of social services. The author concludes by stating that the government is a powerful force in the development of the United States, and that its actions should be carefully monitored and controlled.

The third part of the paper discusses the influence of the economy on the development of the United States. It is argued that the economy has played a central role in the shaping of the country, and that its development has had a profound impact on the lives of the people. The author then goes on to discuss the various ways in which the economy has influenced the development of the country, including through its control of the production of goods and services, its regulation of the market, and its provision of employment opportunities. The author concludes by stating that the economy is a powerful force in the development of the United States, and that its actions should be carefully monitored and controlled.

The fourth part of the paper discusses the impact of the culture on the development of the United States. It is argued that the culture has played a central role in the shaping of the country, and that its development has had a profound impact on the lives of the people. The author then goes on to discuss the various ways in which the culture has influenced the development of the country, including through its control of the values and beliefs of the people, its regulation of the arts and sciences, and its provision of education. The author concludes by stating that the culture is a powerful force in the development of the United States, and that its actions should be carefully monitored and controlled.
