Dear Mr. Eisner:

Another inspection has been made of the location for your plugged and abandoned White State No. 1 in Unit D of Section 29, T-14-S, R-32-E. The dead men wires still have not been cut and there is no cover on the water well. Further, our records indicate that you were notified of this by letter dated April 3, 1957.

We shall appreciate your giving this your immediate attention so that a final inspection may be made, in order that our file on this well may be closed.

Yours very truly,

OIL CONSERVATION COMMISSION
