Re: Absolute Open Flow Potential  
Our B. C. Roach No. 1

Dear Sir:

Attached please find the results of the Absolute Open Flow Potential Test conducted on our B. C. Roach No. 1 gas well, Unit L Sec. 26 - 12S - 33E, located in the Hightower-Pennsylvanian Pool, Lea County.

The static and flowing sand face pressures were measured by use of our sub-surface pressure gauge.

Very truly yours,

  
Don Topper  
Assistant District Supt.  
Amerada Petroleum Corporation
