Gentlemen:

To date an answer to the letter sent to you on July 26, 1977, about a final plugging report for the State 26 Well No. 1 located in Unit G of Section 26, T-13-S, R-33-E, has not been received.

I am enclosing pictures of the location showing the condition of the well site which has not been cleaned up.

If the location is not cleaned up and Form C-103 covering the final plugging filed by February 15, 1978, this will be turned over to our legal section with a recommendation that legal action be taken.

Yours very truly,

OIL CONSERVATION COMMISSION
