Re: Duncan-White State No. II

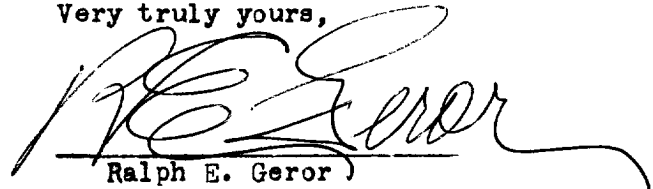

Dear Mr. Porter:

Enclosed herewith is the certification covering the location for the Duncan-White State No. II. Drilling operations, we believe, will commence sometime this week.

In reviewing the file for the Duncan-White State No. I, I find that the certification by the surveyor has not been submitted to you. I am now attempting to obtain this document and, upon its receipt, I will forward it to you for your files.

Thanking you for your every courtesy, I am

Very truly yours,

Ralph E. Geror
