Lea County, New Mexico

New Mexico Oil Conservation Commission
Box 2045
Hobbs, New Mexico

Gentlemen:

On October 2, 1952, we filed Form C-105 on the above subject well which reflects production as 36 barrels in 24 hours. This was erroneously reported and should read 36 barrels in 13 hours. We request that you change your records to reflect the correct production tests.

The attached sheet to the above referred to form is in error and we are submitting a corrected sheet. We request that you destroy the previous sheet and attach the enclosed corrected sheet containing well history and drill-stem tests. Your consideration to the above requests will be greatly appreciated by The Texas Company.

Yours very truly,

THE TEXAS COMPANY
