Dear Mr. Cone:

Mr. Eric Engbrecht has made another inspection of the location for your plugged and abandoned State 24 No. 1 in Unit L of Section 24, T-12-S, R-34-E and has found that there is still no description on the marker and the rat hole has not been properly filled.

We shall appreciate your giving this your early attention so that a final inspection may be made.

Further, before your Report of Final Plugging can be approved it will be necessary for you to submit Form C-105, Well Record.

Yours very truly,

OIL CONSERVATION COMMISSION
