Gentlemen:

We are returning Form C-102, Notice of Intention to Plug, for your Selman No. 1 in Unit O of Section 22, T-12-S, R-37-E in order that you may outline where the plugs are to be set and how many sacks of cement are to be used at each plug.

We wish to call to your attention that a plug must be set at 8 5/8" stub, one at the top of the salt, and one at both the base and surface of the 13 3/8" casing.

Further, please submit Form C-103 indicating the results of the test of casing shut-off on all casing run.

Yours very truly,

OIL CONSERVATION COMMISSION
