	OTHER: <input type="checkbox"/>

12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Wingerd # 12 was recompleted to the Wolfcamp in 1/22/91. Four separate intervals were perforated and each tested wet. Prior to plugging and abandonment of this wellbore, it is proposed to test the following Wolfcamp zones: 9450-9458; 9482-9490; 9506-9514; and 9550-9558. Should none of these zones prove to be economic to produce, a CIBP will be set at 9440' and the well will be plugged.

Approximate date work will commence: 3/15/93.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
