Roswell, New Mexico

Dear Sir:

We have checked our file for the Nearburg & Ingram Shettle No. 1 located in Section 35, T-12-S, R-37-E and find that no Form C-103 , Report of Final Plugging, has been filed. It will be necessary that this form be submitted and the location inspected in order that we may close our file for this plugged well. Please show Nearburg & Ingram as operator, since no change was made in the name of the operator for this well when the other changes were made.

Thank you for calling this matter to our attention.

Yours very truly,

OIL CONSERVATION COMMISSION

Joe D. Ramey  
Supervisor, District 1

mc

OIL CONSERVATION COMMISSION  
HOBBBS, NEW MEXICO

As a result of the work of the Commission, it is believed that the oil resources of the State of New Mexico are being conserved and that the oil industry is being developed in a more efficient and economical manner. The Commission has been successful in securing the cooperation of the oil companies and the public in the conservation of the oil resources of the State.

It is the policy of the Commission to conserve the oil resources of the State and to develop the oil industry in a more efficient and economical manner.

Very truly yours,

JOHN W. HOBBS, Chairman

JOHN W. HOBBS, Chairman  
Oil Conservation Commission  
Hobbs, New Mexico
