Gentlemen:

In checking the partnership files for the above captioned well, it has come to our attention that Form C-102 dated November 21, 1962 was filed giving notice that the well would be plugged and the program to be followed. We do not show that a subsequent form was filed showing that the work had been performed. Since the location has been cleaned and marker set, please advise if it will be necessary to file a subsequent Form C-102 on this well.

Yours very truly,

Tom L. Ingram
