Detailed account of work done, nature and quantity of materials used, and results obtained.

**In November of 1963 Form C-103 was filed and approval granted to defer permanent abandonment of this well due to a possible need for additional salt water disposal capacity in the King-Devonian Field. It now appears that this well could be needed as a disposal well in the next few months; therefore, we request further extension of the approval to temporarily abandon.**

Witnessed by <b>Howard Nauk</b>	Position <b>Field Sup't.</b>	Company <b>Cabot Corporation</b>
