Re: Installation of
gas lift valves

Gentlemen:

Form C-102 received in this office July 11, 1960 on your Howard Fleet No. 1 located in Unit I of Section 35, T-13-S, R-37-E for approval of installation of gas lift valves in the Pennsylvanian section tubing string cannot be approved, since there would be no way of conducting the required packer leakage tests.

Yours very truly,

OIL CONSERVATION COMMISSION
