

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS NOTICES

Submit this notice in TRIPPLICATE to the District Office, Oil Conservation Commission, before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

OIL CONSERVATION COMMISSION
SANTA FE, NEW MEXICO

Midland, Texas
(Place)

5-11-61
(Date)

Gentlemen:

Following is a Notice of Intention to do certain work as described below at the Cabot Corporation

(Company or Operator) Howard Fleet Well No. 1 in I (Unit)
NE 1/4 SE 1/4 of Sec. 35, T. 13-S, R. 37-E, NMPM., King-Devonian Pool
County.

FULL DETAILS OF PROPOSED PLAN OF WORK
(FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS)

This well is currently completed as a dual producer from the Pennsylvanian and Devonian sections, with the Pennsylvanian zone temporarily abandoned due to a lack of gas for gas-lifting. We propose to remove the dual completion equipment and to equip the well to produce from the Devonian alone. The Penn will be isolated with a Model "D" packer at 11,050' and a compression packer at approximately 10,650', with the annular space between the packers filled with mud. We will run 2 1/2" tubing from the upper packer to the surface, and pump the well by means of a 2 1/2" free type hydraulic subsurface pump.

Approved....., 19.....
