Dear Mr. Lowe:

Our records indicate that you were notified by form letter dated August 21, 1957 of a change in pool designation from undesignated to the North Gladiola Devonian Pool for your Continental Wallace No. 1 in Section 6, T-12-S, R-38-E. This letter requested that you file Form C-110 showing this change; we have not as yet received this form, however.

Failure to file Form C-110 at an early date will result in allowable cancellation for this well without further notice.

Yours very truly,

OIL CONSERVATION COMMISSION
