16. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1703.

4-29-83 to 5-25-83: Attempted to clean and pull 5½", 5" & 4½" OD tbgs. 5½" csg/tbg parted at approx. 4081' & recovered 4081'-5½" OD csg. In attempting to clean out tbgs, left junk stuck in 4½" tbgs @ 11,970'.

We now propose to make one final attempt to spear & pull 5½", 5" & 4½" tbgs. If unsuccessful, we propose to perforate 4½" tbgs just above junk in hole @ 11,970' and put 100' cement plug at this point. Put a 100' cement plug 50' in & out of 5½" & 7" csg @ 4081' and from 2000' to 2100' inside of 8-5/8" and a surface plug.

THE COMMISSION MUST BE NOTIFIED 24 HOURS PRIOR TO THE BEGINNING OF PLUGGING OPERATIONS FOR THE C-103 TO BE APPROVED.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
