Oklahoma City 2, Okla.

Gentlemen:

Attached hereto are your copies of Commission Form C-101 covering your Lena Betenbough No. 1 located in Unit F of Section 15, T-12-S, R-36-E. This form is stamped "For Record Only" and was not approved since no bond in the name of Cameron Oil Company has been filed with the Commission. Also, according to our information, this well was spudded June 27, 1963 and drilled to a depth of 105 feet and was plugged and abandoned July 6, 1963.

In future operations please bear in mind that it is necessary that the principal on the bond be the same as the company or operator on Commission forms. Also, our rules definitely state that operations are not to commence on a drilling well until the operator has received an approved Notice of Intention to Drill, Form C-101.

At your very earliest convenience, please file Form C-103 showing spud date, total depth drilled and explain how the well was plugged. This will be the only form required to complete our files.

Yours very truly,

OIL CONSERVATION COMMISSION

Joe D. Ramey
Supervisor, District 1
