Please accept our apologies for failing to send you a thirty-day progress report on this well. We were not ignorant of the need for filing this report, having been duly informed by Humble Oil and Refining Company, but we had been unable to locate a report to fit our drilling operations and had written your office as to which form to use. A copy of this letter is enclosed. Now that we know a letter report will suffice, we will see to it that our reports are filed promptly with your office.

If you need any further information about the operations on this well, please do not hesitate to write us.

Very truly yours,

J. C. BARNES OIL COMPANY
