Dear Mr. Ramey:

This is to advise that on this date we completed a pipeline connection to a well on the Texas Pacific Oil Company - West Ranger Unit, such well being located in the NE/4 SW/4 Section 23-12S-34E, Lea County, New Mexico. This connection was made for the purpose of purchasing gas well gas produced from the Devonian formation. It is our understanding that the well is the No. 2 well on the lease.

It is also our understanding that with this information you will be in a position to approve the form C-104 submitted to you by the lease operator.

Yours very truly,
