x Request for TA Status

(Note: Report results of multiple completion or Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Request for TA Status, The subject well is being considered for recompletion in the San Andres Formation. A Well located two locations east of the subject well had significant oil shows in the San Andres formation. The subject well is updip from this well. We are respectfully requesting that this well be granted temporary abandonment status while a full study can be completed. It is expected that this study will take 90 days to complete.
